New Gas Ranges built to "CP" standards have Automatic Time Control

GAS HAS GOT IT!

Accept this gift of time from your new automatic gas range built to "CP" standards as often as you will. The recipe given below is one of many you can place in the oven, leave home... and be serenely sure that a perfect meal, superbly cooked awaits your return.

Clock control turns gas on, cooks a delicious meal, then turns gas off. (Optional equipment on automatic gas ranges built to "CP" standards.)

Look for this Seal. It's your guide for the finest cooking appliances. It is found on 22 different nationally famous automatic gas ranges.

Cooks automatically while you're away!

**Veal Loaf
Carrots**

Place Veal Loaf in loaf pan. Bake uncovered. Place carrots in baking dish with salt and 1/2 cup water. Place potatoes washed and greased, on lower rack beside meat loaf. Carrots and Apple Crumb may be uncovered for last 10 minutes, for browning. Serves 6.

**Baked Potatoes
Apple Crumb**

Place 4 cups pared, sliced apples in greased baking dish. Mix 1 cup brown sugar, 1/2 cup butter, 1/2 cup flour until crumbly. Sprinkle mixture over apples. Bake covered. Oven temperature 350°, time 1 hour. Set clock for Time On and Time Off.

FOOD EXPORTS DECREASE

In the first eight months of 1947, food exports to the value of \$1,587,000,000 were shipped out of this country, which was a decrease of \$2,281,000 from the corresponding period of last year.

Mrs. Walter Marak of Burlington was a business visitor in Cameron on Friday.

FOOTBALL TICKETS ON SALE TUESDAY MORNING

Football tickets for the Bi-District game here Friday night with Fredericksburg will be on sale beginning at 8 a. m. Tuesday at the window in the lobby of the Cameron Theatre.

Stanley Swift who is lending the ticket office facilities of his theatre for the convenient sale of the tickets said that the tickets will go on sale at 8 a. m. Tuesday and will continue to be sold throughout the day and sales will continue each day until all have had an opportunity.

Positively no sales will be made over the telephone and no tickets will be reserved by phone. All who buy must come to the theatre booth.

The limited seating capacity of the field will be improved with the installation of additional stands.

All seats in the north and south stands have been reserved and tickets have been printed and numbered to correspond. General admission tickets will entitle holder to the

Welding Shop Opened In Cameron; Located On South Crockett

Cameron has a brand new industry, a welding shop, just opened by Buford Offield on South Crockett Street adjoining the west entrance of the Carey Lumber Company yard.

Mr. Offield is a native of Milam county. He has been in the Civil Service for 4 years doing welding and has had 12 years of experience. Mr. Offield has constructed a new building to house his shop.

Mrs. Offield and their two sons, James 16 and Nathan 13 years old have also moved to Cameron. Both are football prospects, James making the B squad this year and Nathan on the C squad.

Hortense Nabours and room mate, Charlotte Beverstock students at TSCW, Denton spent the week end in the home of Mr. and Mrs. Homer Nabours.

Looks After Team

PETE KUNZ

One of the most valuable men with the set up is Pete Kunz, a manager around the club house.

ARABS AND JEWS ARE MOVING INTO BATTLE

War raged in the Holy Lands Tuesday as Arabs and Jews squared off for a bloody conflict over the proposed division of the tiny country of Palestine.

Arab leaders moved to dispose their armies and 7 Jews had been slain as outbreaks of violence sent the Arabs attacking both the Russian and American legations. The American flag was torn down, windows broken in the building and other damage resulted.

At noon Tuesday the big powers now meeting under the banner of the United Nations in New York and the conference of Foreign Ministers in London began to talk of sending troops into the Holy Lands.

The war is to be a religious conflict. Jews and Arab, both strongly orthodox, are apt to fight to the finish.

Some observers believe it is the beginning of World War III since the disposition of troops sets up the stage for smoldering conflicts among all the nations. Russia joined Great Britain and the United States in the proposal to divide Palestine.

Civil war was threatened in France as Communist labor, called for a show down. Italy too was having to face armed conflict again, this time inside the boot.

Mr. and Mrs. Marshall Terry had all their children at home for Thanksgiving day and a dinner was served to the following: Mr. and Mrs. Fred Lange and son, Freddie and Arthur Lange all of Houston, Mr. and Mrs. R. L. Terry and children of Cameron, Mr. and Mrs. B. E. Kossbiel and children of Caldwell and Mr. and Mrs. James Terry of Baylor University.

R. B. Haines of Refugio made a business trip to the court house Monday.

Send Christmas Cards First Class Mail, Is Advice of Postmaster

Postmaster John R. Hays today emphasized that your cheerful Christmas greetings won't come to grief in the Dead Letter Office this year if your Christmas cards are sent by first-class mail, which entitles them to both forwarding and directory service.

"Each year we have to destroy a large number of beautiful Christmas cards because they are incorrectly addressed and carry only third-class postage," the Postmaster said. "We are sorry to do it, because we know each of these cards is intended to convey Christmas wishes to a special friend, who will be disappointed and

puzzled at not receiving a card."

Postal regulations, of course, are the explanation. They do not require that more than one effort be made to deliver third-class mail because it is being carried at a lower postal rate. So if the address is wrong and there's only a 1 1/2 cent stamp on the envelope, your carefully-selected Christmas card is carted back to the Post Office and dumped unceremoniously into the dead letter bins.

Undeliverable third-class mail is not returned to the sender, so you never know whether some of your Christmas cards go askew — and whether that's the reason Aunt Lilly suddenly stopped writing to you after last Christmas.

The Postmaster pointed out that only first-class mail may be forward-

Simplicity in Modern Design

Simplicity in good modern design will last many years. It is not a fad. It is a direct honest expression of good taste in architecture. In this house, the simple character of the low pitched roof, the simple detail of the windows to add interest and the relation of these elements to the wall surfaces and landscaping are all a part of this straightforward design. Study the plan for the same simplicity of living. It comprises 1090 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

ed from one address to another. Cards bearing a 3-cent stamp are also entitled to "directory service," which means that skilled post office clerks will seek to trace down addresses who have moved since you made out your Christmas card list last year. These clerks also try to figure out whether you mean "Elm Street" when you addressed a card to a non-existent number on "Oak Avenue," and they are experts at deciphering obscured or almost-illegible handwriting.

"Only cards that are sent first-class may be sealed," the Postmaster said. "You are permitted to sign your name on a card sent third-class, but

if you decide to write a few cherry lines to an old friend or tuck in a little social note, be sure to put a 3-cent stamp on the envelope."

Every year some cards also are returned to senders because the stamp fell off en route, he reported. "Don't just give stamps a lick and a pat," he requested. "Affix them firmly."

The Postmaster asked that all Christmas cards and packages for out-of-state delivery be in the mails by December 10, and that local cards be mailed by December 15.

Bill Marek made a business trip to Bryan Monday.

Make Biscuits like these with

AMERICAN BEAUTY

Let AMERICAN BEAUTY Flour help you make the most of your baking skill!

Use a reliable recipe*, good shortening, baking powder and liquid—and watch AMERICAN BEAUTY come through with the same uniform results time after time.

Blend lightly—and see how easily AMERICAN BEAUTY forms an easier-to-handle dough that makes the lightest, tenderest biscuits you ever tasted!

Bake quickly—and enjoy the rich aroma of tempting, golden-crowned, well-risen AMERICAN BEAUTY biscuits hot out of the oven! The goodness of sun-ripened wheat is in every delicious morsel.

AMERICAN BEAUTY BISCUITS

A Virginia Roberts Tested Recipe ... Makes 12 Biscuits

2 cups AMERICAN BEAUTY Flour
1 tablespoon baking powder 1/4 cup shortening
1 teaspoon salt 3/4 to 1 cup sweet milk

1. Sift, then measure the flour.
2. Measure baking powder and salt. Add to the flour and sift together into a mixing bowl.
3. Measure shortening and add to the dry ingredients. Cut in shortening until mixture resembles a coarse meal.
4. Add milk gradually; blend lightly.
5. Turn dough out onto a floured breadboard; knead lightly 30 seconds to form a round ball.
6. Flatten dough to 1/4 inch thickness, using floured hands or rolling pin.
7. Cut dough into rounds; place on ungreased baking sheet.
8. Bake in a hot oven (450°) 12-15 minutes until lightly browned.

*For exceptional results, try Virginia Roberts tested recipe for American Beauty Biscuits shown above. Send coupon for your free copy of the famous Photo-Method for Biscuits.

CAMERON; 19 GATESVILLE 0

BRUISING BATTLE IS PROOF OF ACID TEST

Yoemen linemen rocketed to football immortality here Friday night to turn back the Gatesville Hornets twice on the goal line and Cameron backs gleaned 3 precious touchdowns from the scintillating visitors who had more tricks than Houdini to win 19 to 0 before a home coming crowd of more than 4000 people.

When the curtain is rung down on 1947 play a new battered jerseys should be hung in the hall of fame. They are No. 61 worn by Gene Salach, praised by sports writers who saw the game as the best lineman in Texas A or AA football and a certain all district selection; No. 60 worn by Charles Duncan, the Cameron right guard who has been in more defensive line plays than any other man; No. 52 worn by George Hollas the greatest 152 pound guard ever to wear the uniform; No. 56 worn by Lawrence Michalka, the best ball handler in the T business; No. 63 worn by Joe Hawkins, the Cameron left end, pass receiver who scored a sensational touchdown; No. 72 worn by Bob Holloway, the 175 pound Cameron right end; and No. 64 worn by Gordon Gibson, substitute center who played a magnificent game as Jimmy O'Neill the regular pivot lineman, watched the game from a closed car near the sideline and No. 79, worn by Charles Riola, 220 pound left tackle, stout defensive lineman and extra point converter.

T. J. O'Neill, half back, playing his senior year, lived up to all expectations and Richard Burke who accounted for the longest sprint of the night right through the center of the Hornet line; big Howard Beale, 195 pound full back who went out in the second quarter with an ankle sprained but not until he had ripped off good yardage; Billy Hauk, half back, turning in a consistent ground gaining game; little John David Moseley, scat back, beaten to a pulp by bruising Hornets line backers, and who had to be assisted off the field in the third quarter, all are big red apples in the eye of Coach Leo Jackson.

Dick Young the line coach, despite the absence of his all district center, Jimmy O'Neill, was making no apologies for the play of Gibson who found himself in a difficult role.

The game produced casualties aplenty. Had the Yoemen been run through a hammermill, it could

hardly have been worse. Howard Beale, went out; Moseley went out; T. J. O'Neill was limping badly, Denson Provosek, was hurt, and every man who faced the Hornets was stung more or less in the bruising battle that raged up and down the field for four quarters.

Gene Anderson, 155 pound half back for the Hornets was the spearhead of as deceptive ball handling exhibition as ever has been seen on the Yoemen field. Back there with him was Joe Daniels, 185 pound full back; Ross Vandiver, 170 pound back, and Francis Davidson, 140 pound tail back. Between them and with single, double and once a triple hand off they shoved the Yoemen around considerably, put the ball on the 4 yard line and again on the one yard line and rolled up 117 yards in the first half and seven first downs.

Belvin Gilmer was on the receiving end of 10 passes, 3 of which were completed for a total of 35 yards. Cameron got 106 yards in the first half but held to 5 first downs. The Yoemen ran only 3 plays in the first quarter. The Gatesville offense was so effective they had possession of the ball nearly all the first half and Cameron was in the shadow of their own goal much of the time, but the line came through in the acid test and that saved the ball game.

1st Quarter

Co-Captains T. J. O'Neill and Joe Hawkins met Co-Captains Gene Anderson and Clay Davis for the Hornets and on the toss Gatesville won and elected to receive, defending the east goal. The night was cold and clear. The field was fast despite a befuddled broadcaster who said that Joe Hawkins got a bath in a small pond of water on the field. Riola kicked off to F. Davidson who handed off to Joe Daniels for a short run back The Cameron forwards were down fast to spill the ball carrier. On the first play Davidson threw a pass intended for Gilmer and T. J. O'Neill intercepted and ran it back to the Hornet 23. Michalka handed off to O'Neill who reversed and skirted the Gatesville right end for a touchdown, barely missing the red flag in the end zone. Riola missed the point and it was 6 to 0 in favor of Cameron. Gene Anderson made a good return of the kickoff, spilled by Michalka. Anderson picked up 2 and then sprinted for 25 yards. Davidson was tackled by Gibson as he picked up 3. The Hornet offense was tricky. The ball was on the Hornet 46. Davidson racked up two first downs in a row to put the ball on the Cameron 23. Charles Duncan

broke through to spill Davidson for a 6 yard loss and then. Gilmer took a pass from Davidson and the ball was on the Cameron 12, another first down. Richard Burke came into the Cameron backfield for Hauk. Davidson failed to make a first down after four tries and the ball went over on the 4. The Cameron line rose up to smack down the offense. Zottz subbed in. Michalka punted to the Cameron 34. Davidson passed to Gilmer for a first down on the Cameron 16 and T. J. O'Neill intercepted the next pass on the Cameron 5 yard line Howard Beale came in as the quarter ended. The Yoemen had possession of the ball only twice in the quarter.

2nd Quarter

O'Neill on the first play of the new quarter picked up 6 and Burke got 5 for Cameron's second first down. Beale ripped through the Hornet left tackle position for 9 yards and then racked up 15 more which was nullified by a penalty. Beale got back 7 of the yards lost but was hurt and had to go out of the game with a slight ankle sprain. Moseley subbed in for Beale. Michalka kicked out well and Bob Holloway the Cameron right end was down on the punt, Cameron drew a 15 yard penalty for clipping. Gatesville picked up ten yards for a first down on a pass. The Cameron line tightened up sparked by Gene Salach. Anderson failed to gain as Gibson hit him. Davidson punted to the Cameron 15. Moseley fumbled and Gatesville got the ball on the Cameron 17. Davidson got 4, stopped by Salach. On the next play Denson Provasek spilled Davidson for no gain and then Davidson passed over the goal line but it was no good. Burke came in for Hauk. It was 4th down and Salach intercepted a pass to stop the drive. The ball was on the Cameron 12 yard line. Moseley picked up 7 yards and Burke made it a first down. On the next play Burke slit through the Hornet center and raced away to the 50, a great run. On the

next play Joe Hawkins broke through tackle, cut sharp to the side lines and took a pass from Michalka and raced for a touchdown. The play netted 50 yards. O'Neill muffed the pass back on the extra try and Riola scooped it up and ran it to the 2 yard line but failed the extra point. On the kickoff Salach drove through to spill Anderson on his own 21 and there was no runback. Passes failed and Davidson had to kick. Wilkerson came in for Holloway at right end in the Cameron line. O'Neill fumbled the kickoff but recovered and ran the ball back 20 yards. Moseley failed to gain and Hawkins took a pass for 7 yard gain. Michalka badly rushed loosed the ball and it hit a Hornet who muffed it. O'Neill failed to make the necessary yardage and the ball went over with seconds to play in the first half. One pass failed and Davidson completed a screen heave to Crawford for 11 yards and a first down. Another pass failed as the half ended. Score: Cameron 12, Gatesville 0.

3rd Quarter

George Dysinger kicked to Hauk who fumbled but recovered on the Cameron 22. Hauk burst through his own left tackle for 13 yards and a first down. Moseley was hurt on the next play but stayed in. A pass Michalka to Hawkins was no good. Moseley lost a yard and Robert Painter who had subbed in the Hornet backfield intercepted Michalka's next pass. The ball was on the Cameron 44. Anderson picked up 13 yards in two tries and a first down. Bob Wilkerson came in for Holloway at right end. Salach threw Davidson for no gain and the Hornet back was swarmed on again by Hawkins and Gibson. Davidson completed a pass to Anderson that was shy a first down and a 4th down pass failed. John Matula came in and Provasek, playing defensive line backing went out. O'Neill picked up 9 yards. Cameron drew 15 yards for clipping. It was a costly penalty. O'Neill and Hauk alternated for 6 and Burke came in to replace Hauk. Gatesville refused a penalty against Cameron on third down and Cameron had to kick. Michalka's punt was blocked, and Gibson misplayed the ball and it

THE CAMERON HERALD

DECEMBER 4, 1947

cost Cameron 15 yards. Anderson carried to the Cameron 10 and then went to the 1 yard line for a first down. Robert Zottz came in and Burke went out. Cameron called time out. With four downs to go the Cameron line rose up and stopped every play. Anderson after beating against this wall threw his helmet down and on the fourth down Joe Daniels, 185 pound full back was thrown for a loss of one foot. The ball went over and Michalka punted to the Cameron 31 where Anderson fumbled but recovered. Two line plays and a pass failed and Daniels punted and Gilmer killed the ball on the Cameron 18. O'Neill and Burke picked up a yard each as the quarter ended.

4th Quarter

Michalka dropped back to punt then raced the ball for 30 yards around the Hornet right end. Burke failed to gain and Hawkins took a pass for 25 yards, making a great catch of it, and Michalka badly rushed came through with an accurate shot. Michalka got 4 then five and Moseley failed to make first down on the 15. Moseley had to be carried from the field. The ball went over. Salach threw Anderson for 10 yard loss and Gilmer was hurt. The ball was on the Hornet 7. Ross Vandiver went in the Hornet backfield and made 8 yards. Davidson's pass was no good and he kicked out on the 50. The ball was brought back and Cameron penalized 15 yards for clipping giving the Hornets a first down. Line plays failed and Anderson kicked out on his own 45. John Matula came into the backfield for Cameron. T. J. O'Neill picked up 15 yards around the Gatesville left end. It was a double reverse with plenty of blocking. Burke got 6 yards and Michalka on a hidden ball carry raced to the Hornet 13 yard line. John Matula carried to the 2 yard line and on the second down he cut away sharply, raced through the Hornet left tackle position for 13 yards and over the goal line. Riola kicked the extra point and the score was Cameron 19, Gatesville 0. A new team came in. Riola kicked to Anderson

who fumbled, swarmed on by Armstrong and Caldwell. The ball was on the Hornet 18. Davidson was smeared by Caldwell on the 7. Matula came in at safety. It was third down and 15 yards to go. A pass Davidson to Gilmer netted 25 yards. Armstrong came in for Caldwell. Cameron drew 15 yards for clipping. The ball was on the Cameron 40. A long pass to a sleeper on the Hornet right sideline was no good. Bruno Eixman, sophomore coming up in 1948, a good lineman, threw Davidson for a 4 yard loss. Garcia came in and Allen went out. Davidson punted to the Cameron 18 as the game ended.

Cameron made 198 yards rushing Gatesville made 150. Cameron made 11 first downs, Gatesville made 12. Cameron made 82 yards passing, Gatesville made 42. Cameron attempted 5 passes, completing 3 of them; Gatesville threw 17 passes completing 5. Cameron was penalized 6 times for a total of 60 yards, Gatesville was penalized one time for a total of five yards. Cameron gained a total of 280 yards passing and running, Gatesville gained 192 yards.

Good Wishes and a Merry Christmas

If I sent you cigars you would smoke 'em
And I don't know the kind you prefer;
If I sent you rare gems you might soak 'em
Or maybe you'd give them to her.
If I sent you a book you would read it
And carelessly toss it away;
If I sent you a Ford you might speed it
And eat turkey in jail Christmas Day.
But a good wish needs no rhyme nor reason
And I'm sending a million to you,
That this be the best Christmas season,
Old pals, that you just ever knew.

Mrs. Walter Senkel, who was a surgery patient in the St. Edwards Hospital in Cameron for two weeks is able to be at her home and improving.

Miss Aileen Phipps has returned from Missouri where she finished her Telegraph course.

Herald Want Ads Pay Dividends.

WHO CAN VOTE? Owners, tenants and sharecroppers who share in more than one acre of peanuts (picked and threshed) from this year's crop are entitled to one vote each. Interest in "hogged off" peanut does not count.

IF TWO-THIRDS VOTE YES full price support at 90 percent of parity will be available in 1948. All farmers who plant within their acreage allotments can get this support on their peanuts. Quotas will be in effect for the 1948, 1949 and 1950 crops.

IF MORE THAN ONE-THIRD VOTE NO there will be no price supports for peanuts for edible uses. Only peanuts sold for crushing can be supported... at about 45 percent of the parity price for edible peanuts. Another referendum will probably be held next year.

Your County Agricultural Conservation Association office at Cameron will announce voting places and other important information.

Football Stadium To Be Well Policed At Bi-District Game

The football field at Yoe High School will be well policed here Friday night, it was announced by Superintendent W. T. Hanes early Wednesday.

Every precaution will be taken to prevent demonstrations and drinking or drunks will not be tolerated. Local officers have pledged their co-operation and in addition a bevy of state troopers will be here.

The utmost in co-operation is asked. Teams have been thrown out of district competition because of conduct by fans and this must not happen here. Nothing like it is anticipated but precautions are being taken.

Both ends of the gridiron will be fenced off. Those who go now and buy seats can find accommodations. After Thursday no seats may be available.

YOEMEN ARE FAVORED IN BI-DISTRICT GAME

FREDRICKSBURG, — The 1947 Hillbillies, co-champions of district 32-A, along with Burnet, and chosen by the District Committee to represent the district in the game with Cameron Friday night, are the "Cinderella" team of the 25 gridiron teams produced by Fredericksburg High School.

In the hold through the district season, as the result of a 14-0 loss at the hands of Lampasas in their opening district game, the Billies showed rapid progress through the season, that found them going through the balance of their five-game schedule with but a 13-13 tie with Burnet to mar their record.

The Billies, who finished the season with four and a half wins and one and one-half losses, while Burnet had three tie games and three clear-cut victories, reached the pinnacle of their power in the final game two weeks ago when they blasted an up-surging Mason team 26-13.

In spite of their upswing toward the end of the season, they will be the decided underdogs when they meet the Yoemen Friday night. This year's Red and White team is definitely not as potent as was last year's eleven.

Eight of the boys who will take the field against the Yoemen saw service in the bi-district clash last year. R. L. Frantzen, powerful pass-snatching end; Ervin Jenschke, bruising left tackle and Oehler a reserve at tackle last season; Belton Klinsiek and Charles Seelig, who were tackle and guard, respectively; and Probst, reserve center in 1946, are the linemen who saw service when the Yoemen invaded the Billy lair.

Boy Tanner is the only veteran back on the team, although Dietrich, shifty halfback played a major portion of last year's game.

Rubin Bernhart, Jr., right end; Kermit Grona and Richard Feller in the backfield, are the ball carriers who are new to the eleven this year.

The Billies lost one stellar back in mid-season, when M. J. Dittmar, fiery defensive and offensive halfback, went out for the season.

The Hillbillies have mixed their formations this year, occasionally using the single wing-back with the T.

Dietrich, along with Grona, have been the chief ground gainers for the team, with Richard Feller and Tanner the main defensive stalwarts for the Billy backfield.

Outside of their district play, the Billies have looked woefully weak. Dropping the first game of the season in the final seconds, 7-0, to San Marcos; they hit the bottom against New Braunfels when the Unicorns

THE CAMERON HERALD

DECEMBER 4, 1947

trampled them for a 39-0 set back.

The Billies played one of their best early-season games when they held the powerful Hondo Owls to a 19-14 victory.

Dropping the district opener to Lampasas 14-0; they defeated Marble Falls, 12-0; San Saba 20-13; and Llano 19-0. In a non-district tilt with Bowie, El Paso Class AA team they were shellacked 44-0.

In their next game they were fought to a 13-13 tie with Burnet, and then showed real power in whipping Mason 27-13.

A large number of Fredericksburg fans are planning to accompany their team to Cameron for the game. Also due to make the trip is the famed Fredericksburg High School Band and Pep Squad, with both of the latter organizations planning special performances for the Cameron folks.

Mildred Matyastik and room mate Helen Olenbush, freshmen at TLC Seguin were holiday guests of Mr. and Mrs. John Matyastik. Other guests for Thanksgiving were Mrs. C. N. Payne of Cameron, Miss Polly Smith of Waco, Billy Kahler and Steve Skupic of Rosebud.

CARD OF THANKS

We are deeply grateful to all our friends and neighbors who did so much for us when our dear loved one, Pfc. O. V. Sheffield was returned home for re-burial. Your kind words of sympathy, the beautiful floral offerings and for any assistance you gave will always be remembered.

Mrs. O. V. Sheffield
Mr. and Mrs. H. O. Sheffield,
and Family.

Cloudy Skies Cover Texas; Some Rain Falls On Sunday

Rising temperatures over Texas brought cloudy skies and some rain in South portions of the state. A half inch of rain fell at Junction in Kimble county and traces were had at Laredo and Del Rio.

Forecasts early Monday indicated cloudy weather and possible rain. Temperatures have been unusually high for November. The highest temperature was 74 at Brownsville.

RODENT CONTROL ORDINANCE

City of Cameron, Texas
1947

An ordinance to provide for the protection of the public health by controlling or preventing the spread of rat-borne diseases and infections by the elimination of insanitary conditions associated with such diseases, by extermination of rats, and by ratproofing of structures and maintenance thereof in a ratproofed condition and providing for penalties for violation, and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON:

Section (1). That for the purposes of this ordinance the following definitions shall apply:

(A) The term "business buildings" shall mean any structure, whether public or private, that is adapted for occupancy for transaction of business, for rendering of professional service, for amusement, for the display, sale or storage of goods, wares, or merchandise, or for the performance of work or labor, including hotels, apartment buildings, tenement houses, rooming houses, office buildings, public buildings, stores, theatres, markets, restaurants, grain elevators, abattoirs, warehouses, workshops, factories, and all outhouses, sheds, barns and other structures on premises used for business purposes.

(B) The term "ratproofing" as used herein applies to a form of construction to prevent the ingress of rats into business buildings from the exterior or from one business building or establishment to another. It consists essentially of treatment with material, impervious to rat gnawing, all actual or potential openings in exterior walls, ground or first floors, basements, roof and foundations, that may be reached by rats from the ground by climbing or by burrowing.

(C) The term "rat harborage" shall mean any condition which provides shelter or protection for rats, thus favoring their multiplication and continued existence in, under, or outside of any structure.

(D) The term "rat eradication" means the elimination or extermination of rats within buildings by any or all of the accepted measures, such as: poisoning, fumigation, trapping, clubbing, etc.

(E) The term "Health Officer" as used herein means the Superintendent, Commissioner or Director of Health or any duly authorized representative.

(F) The term "owner" shall mean the actual owner, agent, or custodian of the business building, whether individual, partnership, or corporation. The lessee shall be construed as the "owner" for the purpose of this ordinance when business buildings agreements hold the lessee responsible for maintenance and repairs.

(G) The term "Occupant" as used herein shall mean the individual, partnership, or corporation that uses or occupies any business building or part or fraction thereof, whether the actual owner or tenant. In the case of vacant business buildings or vacant portions thereof, the owner, agent, or custodian shall have the responsibility as occupant.

Section (2) That it is hereby ordained and required that all business buildings in the City of Cameron shall be ratproofed, freed of rats, and maintained in a ratproof and rat-free condition to the satisfaction of the Health Officer.

(A) That for the purpose of obtaining rat-stoppage of business buildings, the following regulations are set forth as the minimum requirements for applying rat-stoppage to business buildings.

(a) The Public Health Officer or his representative shall approve all materials used and the method of installation.

(b) Solid sheet metal, expanded metal and wire cloth specified in these regulations shall have a rust-resisting, protective coating, preferably galvanized.

(c) All foundation wall ventilator openings shall be covered for their entire height and width with perforated sheet metal plates of a thickness not less than fourteen (14) gauge, or with expanded sheet metal of a thickness not less than eighteen (18) gauge, or with cast iron grills or grates, or with any other material of sufficient strength and equal rat-resisting properties. The openings therein shall be small enough to prevent the ingress of rats, and in no instance shall be larger than one-half (1/2) inch mesh.

(d) All foundations and exterior wall openings excluding those used for the purpose of ventilation, light, doors, and windows, such as those openings around pipes, electric cables, conduits, openings due to deteriorated wall, broken masonry, or concrete, shall be protected against the ingress of rats by closing such openings with cement mortar, concrete or masonry, or close-fitting sheet metal or suit-

able size pipe flanges or other material with equal rat-resisting properties, which shall be securely fastened in place.

(e) Doors—All exposed edges of the lower eight (8) inches of wooden doors and door jambs, serving as front, rear or side entrances into business buildings, from the ground, basement or cellar floors, and other doors accessible to rats, shall be protected against the gnawing of rats by covering said doors and jambs with solid sheet metal of not less than twenty-four (24) gauge thickness. The same material shall be used on door sills or thresholds, or such door sills or thresholds may be constructed of cement, stone, steel, or cast iron. Doors, door jambs and sills of coal chutes and hatchways that are constructed of wood shall be covered with solid sheet metal of twenty-four (24) gauge or heavier, or they may be replaced with metal chutes of twenty-four (24) gauge or heavier installed in such manner as will prevent the ingress of rats. All buildings with side and rear door entrances shall be provided with fly screens and hardware cloth doors. These entrances shall be provided with suitable automatic self-closing devices.

All doors on which metal channel flashing has been applied shall be properly hinged to provide for free swinging. When closed, doors shall fit snugly so that the maximum clearance between any door, door jambs, and sill shall not be greater than three-eighths (3/8) of an inch.

(f) Windows—All windows and other openings for the purpose of light or ventilation shall be covered for their entire height and width, including frame, with wire cloth of nineteen (19) gauge or heavier, having a mesh of not larger than one-half (1/2) inch, in installed metal frames of twenty-four (24) gauge and anchored in place with rust resisting screws.

All windows and other openings for the purpose of light or ventilation that may be accessible to rats by way of exposed pipes, wires, conduits and other appurtenances, shall be covered as specified above. Or in lieu of wire cloth covering, said pipes, wires, conduits and other appurtenances shall be blocked from rat usage by installing sheet metal guards of twenty-four (24) gauge or heavier.

Such guards when used on vertical pipes, wires, conduits or other appurtenances shall be fitted snugly around the pipe, wire, conduit or other appurtenances.

(g) Light wells with windows in exterior walls that are located below the outside ground level shall be protected from the ingress of rats by one of the following methods:

1. Installing over light wells cast iron or steel grills or steel gratings, or other material of equal strength and rat-resisting properties, with openings in grills or gratings not to exceed one-half (1/2) inch in largest dimension.

2. Installing securely to and completely covering existing metal grills that are broken or have openings larger than one-half (1/2) inch in largest dimensions or otherwise defective, with expanded metal of eighteen (18) gauge or heavier, having openings not greater than one-half (1/2) inch in largest dimension.

At the option of the owner the opening in the wall of the building below the grate may be entirely closed with brick or concrete or partially closed and the remaining open space covered with nineteen (19) gauge or heavier wire cloth with mesh not to exceed one-half (1/2) inch.

(h) Business buildings constructed on piers having wooden floor sills less than twelve (12) inches above the surface of the ground shall have intervening space between floor sill and ground protected against the ingress of rats by installing a solid masonry or concrete not less than four (4) inches thick around the entire perimeter of the business building and extending said curtain wall to a depth of not less than eighteen (18) inches deep with a twelve (12) inch shelf extending outward from the wall and fastening securely to the exterior wall of the business building, in such manner as will prevent rats from entering the building.

In lieu of the installation of curtain walls, all ground floors of wood construction may be replaced with concrete of not less than three (3) inches in thickness. Exterior wall protection shall be securely tied into the concrete floor at all points.

Business buildings constructed on piers having wooden floor sills greater than twelve (12) inches above the ground level shall have the intervening spaces between floor sill and ground protected against the ingress of rats by installing curtain walls in accordance with the preceding paragraph, or by protecting said business buildings against the ingress of rats by installing solid sheet metal coverage of twenty-four (24) gauge or heavier snugly around each pipe, cable, wire, conduit or other utility service passing through wooden ground floor. Said metal coverage

shall not be less than eight (8) inches in diameter larger than diameter of pipe, cable, wire, conduit or other utility service, and shall be securely fastened to the wooden floor. All other openings in wooden ground floors through which rats may gain entrance into double walls or the interior of business buildings, such as openings that may exist in floors and double walls above floor sills, shall be closed with twenty-four (24) gauge or heavier solid sheet metal of sixteen (16) gauge or heavier wire cloth or of one-half (1/2) inch mesh or masonry or with concrete. Wood frame constructed business buildings having concrete or masonry foundation walls shall have ventilators in foundation walls protected as herein provided in Section (A) (d). All miscellaneous wall openings, door and windows shall be protected in accordance with this ordinance.

(B) Curb or farmers' markets in which fruit or vegetables or any other products are exposed and offered for sale, on racks, stands, platforms and in vehicles outside of business buildings, shall have floors paved with concrete or asphalt for the entire surface area of the market. Display racks, stands or platforms on which fruit or vegetables or any other food products are displayed or offered for sale shall be of sufficient height that all such fruits, vegetables or other food products shall be kept at a distance of not less than eighteen (18) inches above the floor pavement and be so constructed that rats cannot harbor therein or thereunder.

Section (3) That upon receipt of written notice and/or order from the Health Officer, the owner of any business building specified therein shall take immediate measure for ratproofing the building, and that unless said work and improvements have been completed by the owner in the time specified in the written notice, in no event to be less than fifteen (15) days, or within the time to which a written extension may have been granted by the Health Officer, then the owner shall be deemed guilty of an offense under the provisions of this ordinance.

Section (4) That whenever the Health Officer notifies the occupant or occupants, of a business building in writing that there is evidence of rat infestation of the building, said occupant or occupants shall immediately institute rat eradication measures and shall continuously maintain such measures in a satisfactory manner until the premise is declared by the Health Officer to be free of rat infestation. Unless said measures are undertaken within five (5) days after receipt of notice, it shall be construed as a violation of the provisions of this ordinance and occupant shall be held responsible therefor.

Section (5) That the owners of all ratproofed business buildings are required to maintain the premises in a ratproof condition and to repair all breaks or leaks that may occur in the ratproofing without a specific order of the Health Officer.

Section (6) That from and after passage of this ordinance the Health Officer is empowered to make unannounced inspections of the interior and exterior of business buildings to determine full compliance with this ordinance, and the Health Officer shall make periodic inspections at intervals of not more than forty-five (45) days of all ratproofed buildings to determine evidence of rat infestation and the existence of new breaks or leaks in their ratproofing and, when any evidence is found indicating the presence of rats or openings through which rats may again enter business buildings, the Health Officer shall serve the owners or occupants with notice and/or orders to abate the conditions found.

Section (7) That whenever conditions inside or under occupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered, after due notification in accordance with Section (3), to close such business buildings until such time as the conditions are abated by ratproofing and harborage removal including, if necessary the installation of suitable concrete floors in basements or replacement of wooden first or ground floors with concrete or other major repairs necessary to facilitate rat eradication.

Section (8) That whenever conditions inside or under unoccupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered to require compliance with the provisions of Section (3) above, and, in the event that said conditions are not corrected in a period of sixty days, or within the time to which a written extension may have been granted by the Health Officer, the Health Officer is empowered to institute condemnation and destruction proceedings.

Section (9) That it shall be unlawful under the provisions of this ordinance for the occupant, owner, contractor, public utility company, plumber or any other person to remove and fail to restore in like condition the ratproofing from any business building for any purpose. Further, it shall be unlawful for any person or agent to make any new openings that are not closed or sealed against the entrance of rats.

Section (10) It shall be unlawful for any person, firm or corporation hereafter to construct, repair or remodel any building, dwelling, stable or market, or other structure whatsoever, unless such construction, repair, remodeling or installation shall render the building or other structure ratproof in accordance with the regulations prescribed herein and hereunder. The provisions of this Section apply only to such construction, repairs, remodeling or installation as affect the ratproof condition of any building or other structure.

Section (11) It shall be unlawful for any person, firm or corporation hereafter to occupy any new or existing business buildings wherein foodstuffs are to be stored, kept, handled, sold, held or offered for sale without complying with Section (10) of this ordinance; and unless the provisions of this Section are complied with no city license or permit to conduct or carry on such business defined above will be issued.

Section (12) That all food and feed within the City of Cameron, Texas for feeding chickens, cows, pigs, horses, and other animals shall be stored in rat-free and ratproof containers compartments, or rooms unless stored in a ratproof building.

Section (13) That within the corporate limits of the City of Cameron, Texas all garbage or refuse consisting of waste animal or vegetable matter upon which rats may feed, and all small dead animals, shall be placed and stored until collected in covered metal containers of a type prescribed by the Health Officer. It is further declared unlawful for any person, firm, or corporation to dump or place on any premise, land or waterway, any dead animals, or any waste vegetable or animal matter of any kind.

Section (14) That it shall be unlawful for any person to place, leave, dump, or permit to accumulate any garbage, rubbish or trash in any building or on any premise, improved

or vacant, or on any open lot or alley in the City of Cameron so that same shall or may afford food or harborage for rats.

Section (15) That it shall be unlawful for any person to permit to accumulate on any premise, improved or vacant, or on any open lot or alley in the City of Cameron any lumber, boxes, barrels, bottles, cans, containers or similar materials that may be permitted to remain thereon unless same shall be placed on open racks that are elevated not less than eighteen (18) inches above the ground, and evenly piled or stacked.

Section (16) Penalty: Any person, firm or corporation who shall violate any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than One Hundred Dollars (\$100.00). Each day's violation shall constitute a separate offense.

Section (17) Repeal Clause: All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict only.

Section (18) Savings Clause: If

any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this ordinance shall not be affected thereby.

Section (19) This ordinance shall take effect immediately upon its passage, approval and publication, the matter being one of urgency and necessity and the public welfare requiring it.

Passed at a regular meeting of the City Council of the City of Cameron, Texas, on the 18th day of November A. D. 1947.

Approved on the 18th day of November, A. D. 1947.

A. W. McCULLIN,
Mayor of the City of Cameron, Texas

Rockdale Man Says He Was Slapped By Head Of Austin Deaf School

AUSTIN, Dec. 1.—A former employee of the state school for the deaf, who testified under oath that he was once hit and choked by the school's superintendent, today told the state board of control that "the school needs a new superintendent bad."

The testimony was given by Elbert Stephens of Rockdale, former yard man and farm worker for the school, as the board resumed its investigation begun last week into student demands for removal of Supt. Roger M. Powell.

Witnesses supporting students claims were being called in the first phases of the board's investigation. Stephens told the board that he had filed a complaint in a justice

of the peace court against Powell after the superintendent had hit and choked him upon finding waste paper in the basement of the boys and girls dormitories. Stephens admitted the paper created a fire hazard.

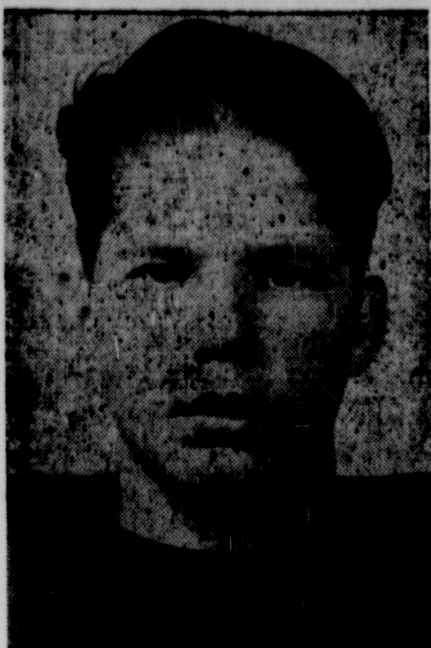

"If it hadn't been for Mr. Barnett (another employee) stopping him (Powell), I guess I would have been dead by now," Stephens declared. He said Powell had also "used a lot of bad language" toward him.

Stephens said he did not know what happened to the case and that he had never been called to appear in it.

Mondrik Store Here Has Big Business On Opening Wednesday

A. J. Mondrik's new grocery had a brisk business and many visitors on Wednesday when it re-opened after being closed for repairs.

Mr. Mondrik said the response to the announcement of the opening was splendid and all day long customers crowded the store. The store was closed Thursday for Thanksgiving but re-opened on Friday.

The store is very attractive with its decorations and new equipment. Special prices are prevailing in the store to celebrate the re-opening. The Mondrik store is the oldest such store now operating in Cameron.

700 Tickets Quickly Sold Early Tuesday For Football Game

Within 3 hours after the tickets were placed on sale, 700 fans indicated they would be in the stands when the kickoff time arrives in the bi-district football game between Cameron and Fredericksburg Friday night.

Superintendent W. T. Hanes, called the Daily Herald, to announce that substantially half the reserved seat tickets available had been sold up to 11 a. m.

Fans were urged to go immediately to the booth in the lobby of the Cameron Theatre and buy their tickets. Since half of the tickets were sold within 3 hours, choice seats will be gone by Wednesday. However, all seats in the main stands are good seats.

Mr. and Mrs. Joe Denson and Miss Alice McGhee visited in Waco with the Denson's daughter, Marjorie, who is a student at Baylor University.

Football Official Here Worked Game At A&M Thursday

The type of officials Cameron has had for football games this season may well be measured with the interesting fact that Jimmy Higgings of SMU one of the trio who worked the Cameron game also was one of the officials in the Texas A&M game Thursday.

Chas. M. Hicks, County Superintendent, who knows these officials well, pointed out the facts to The Herald.

Carl Bredt, one of the officials who has performed so well and so satisfactorily in the games this season, is a brother of George Bredt of Rockdale, former owner of the Bredt Produce Company in Cameron.

Santa Parade Time Thursday Is 4 P. M.

Many questions have been asked regarding the time of the Santa Claus parade Thursday. The time is 4 p. m. and was published Monday in the Daily Herald.

This additional publication is made to give parents information on when to arrive with their children. The parade forms at the Baptist church on West Main Street.

Mrs. Virginia Atkinson, Mrs. Anna Baxter and J. S. Paul of Waco were recent guests in the home of Miss Lillian Atkinson.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Mr. and Mrs. H. M. Dueser of Houston were visitors in the home of thier parents during Thanksgiving holidays; Mr. and Mrs. John Dueser of Ad Hall and Mr. and Mrs. Thomas Merka of Thorndale.

Mr. and Mrs. Bob Busker and daughter and Mrs. H. L. Dakel of Cameron spent Thursday with Mr. and Mrs. Ernest Dakel at Goose Creek.

From where I sit ... by Joe Marsh

Marry Young?
Marry Old?

When Jeb Crowell's daughter, Sue, married nineteen-year-old "Slim" Blake, a lot of folks (especially older ones) began to shake their heads. Young marriages! Tut, tut!

So I looked up some figures. It's true, young American girls and boys marry younger than in other countries. And where do you suppose they had the least chance? I won't name it, but maybe you've guessed. One of those countries that before the war suppressed all individual freedom and tolerance.

That's why I'm not worried about our younger married couples. They were raised in a country that respects one another's right—a country of tolerance and temperance (a lot of bridegrooms are ex-G.I.s, and it looked to me like their favorite beverage was beer!)

From where I sit, it isn't when you marry that's important. It's the all-important spirit of tolerance and understanding that you bring to marriage.

WILLIAM O. GARNER IS BURIED AT MARLOW

Funeral services for William Oscar Garner were held at Marlow Baptist church, with burial in the Marlow cemetery November 17, 1947 at 2:00 p. m. Services being held by Rev. E. O. Harrell, pastor of First Presbyterian church of Cameron.

Mr. Garner had been visiting his sister, Mrs. R. S. Sullenberger and children of Waco and was at the home of Mrs. H. L. Meeks, a niece, at the time of his death. Mr. Garner suffered a stroke three years ago and had been in poor health since, but was feeling as good as could be expected and his death came as a shock to relatives and friends.

Mr. Garner was born in a log cabin

in the Marlow community on what is now known as the Boatwright farm on December 23, 1874. He lived there until the age of 4, moving with his parents, the late William A. Garner and Phoebe E. McGill to the Hoyte Community where he lived until manhood. His father passed away leaving him to care for his mother and family of 8. He received his last year of schooling by being assistant teacher to younger pupils at Oakdale under the late Mr. Walker. He bought his mother's share of the McGill estate and moved back to Marlow in 1911 where he made his home until he passed away. He was married to Miss May Bellah on July 4, 1917. She passed away on July 26, 1921. There were no children born to this union. He joined the Marlow Presbyterian church soon after moving to Marlow and served as a deacon until the church disbanded, with the

exception of 5 years spent in the Indian territory in Oklahoma before it became a State.

For the past eight years Mr. Garner's niece and husband, Mr. and Mrs. M. M. Bright have made their home with him.

Mr. Garner is survived by one sister, Mrs. R. S. Sullenberger of Waco, two brothers, Marshal of Cameron and Vernon of Crockett and a number of nieces and nephews and a host of friends.

Pallbearers were: T. F. Burnett, Brice Burnett, Giles McDermott, Erskin McDermott, Morris Coward, and John Ethridge.

Green Funeral home had charge of the arrangements.

Long Tail Newts On Display Here; Found In Bell County

A rare specimen of the Newt, a tailed amphibian, was on display here Saturday by Ben Kennon. The newt came from Bell county, found beneath some cedar logs.

The Newt is not numerous in this area. They abound more numerous in European areas. Quite a few have been brought to The Herald for classification, many believing them to be small alligators and certainly of such rare appearance as to warrant curiosity.

The Newt so far found in Milam county are small and usually with short tails. The Newts shown by Mr. Kennon have very long tails. There were 3 of them.

The Newt spends a major part of his time on land, but are often found in water.

The commonest of the American species, classified as *Diemictilus viridis*, grow to be about 4 inches long. Varieties found in this area are larger. The Newts on display by Mr. Kennon are the largest ever seen in this country.

The Newt is spawned in water much the same as fish. Shortly after maturity and when still small, and green, it quits the water, goes into the woods and becomes vermilion red, with a row of bright dots along the sides, and remains there growing constantly, for two or even more years, when it returns to the water, resumes a green dress, seeks its mate.

Mr. and Mrs. A. J. Benesh and children of Taylor, Bobby Terry of Corpus Christi and Mr. and Mrs. George Salyer spent Thanksgiving with their mother, Mrs. Homer Terry in Cameron. Mr. Salyer is leaving soon for Norfolk, Virginia, and Mrs. Salyer formerly Glyness Terry will remain in Cameron with her mother until he can find living accommodations.

36,000 BALES COTTON RECEIVED AT COMPRESS

Cameron Compress Company up to noon Wednesday had received for processing 36,000 bales of cotton from the new crop.

P. W. Davis, manager of the compress said that some 7000 bales had been received from out of this territory and as far away as El Paso.

Some 30 thousand bales have been received from the local area, classified as the territory where gins are located and cotton is trucked in. In the main this cotton was produced in Milam county.

It has been a good year at the compress, an institution that employs a great deal of labor and cotton is the greatest of the crops in proving a distributed income.

The 1947 cotton crop in Milam county is due to be around 25,000 bales or more.

Mr. and Mrs. Paul Matocha and daughter Lynda of Austin are visiting her parents, Mr. and Mrs. R. A. Michalka this week.

Mrs. James Elrod, Mrs. T. J. Faver and daughter Camille, shopped in Houston, Friday.

The Roy Vaughans Buy Fahrendorf Home At 604 West Main St.

Mr. and Mrs. Roy Vaughan have purchased the residence of Mr. and Mrs. F. C. Fahrendorf at 604 West Main street and have moved.

The home is one of the better types of residence in that section of the city, is attractively improved and friends are congratulating Mr. and Mrs. Vaughan on their good fortune.

For several years Mr. and Mrs. Fahrendorf have maintained a country home near Salem on the river.

Mr. Vaughan owns and operates the Toddle Inn, popular eating establishment on East First Street. He is a veteran flyer of the Army Air Corps in world war II and was born

The Chamber of Commerce is sponsoring the entertainment. The party will be held in the afternoon of next Friday.

Mr. and Mrs. Ben Bailey of Bryan spent the week end in Cameron with relatives.

Bi-District Snarl To Be Worked Out This Week End; Tie in 32-A

Cameron's opponent in the bi-district football game will not be known until Saturday or late Friday night. The District Committee in 32-A is meeting in Llano to-night, according to Superintendent Hanes of Cameron schools. The committee will decide who will be champions because Burnet and Fredricksburg are tied.

Mr. Hanes, Dr. Swift and the coaches will meet the officials of the championship team on Saturday night to work out details of the bi-district game. If Fredricksburg wins the district the Hillbillies will have to play in Cameron.

Murdice Shuffield is spending Thanksgiving holiday with her mother and sisters in Houston.

Mrs. Vernon Roberts from Temple visited Mrs. C. H. Ruby in Cameron over the week end.

Mr. and Mrs. Jean Muse of Rosenberg were Cameron visitors over the week end.
